# The Retro Revival

We're breathing fresh air into iconic heritage revivals with eco-friendly, adventure-ready style that never fades.

## '94 E.C.O. Recycled Fleece

Your dad called... He wants his 90's fleece back. Pulled from the gear vault, the '94 E.C.O. Recycled Fleece is back for a victory lap as the champion of year-round casual explorers looking for cozy, warm, and vintage cool when they're kicking back or kicking into high gear. 100% recycled and 110% retro vibes, this plush sherpa fleece is the comfort fuel you need to get out and enjoy the outdoors, from backyard and campfire brews to weekend out-and-backs with your crew.

This fleece 1/2 zip will get high mileage on and off the mountain for another 30 years to come with a nostalgic feel that will make your trail crew and your trendy friends jealous. When you're rocking this reimagined Marmot classic, you're making the double-whammy commitment to maximum coziness and a minimized impact on the world around you.

## '96 Active Anorak

We're throwing it back to the 90's with the reimagined Marmot '96 Active Anorak. Recycled stretch fabric and eco-friendly water-repellent finish breathe modern fresh air into this lightweight heritage hoody that feels equally at home shooting the breeze as it does pushing through it.

This vintage-inspired windbreaker is as casually stylish as it is functional, with stretchy performance and a retro kangaroo pocket that not only looks cool, but comes in super handy from spring bouldering trips and cool summer hikes to long nights in the city or around the campfire.

When you're rocking this reimagined Marmot classic, you're making the double-whammy commitment to maximum coziness and a minimized impact on the world around you.

# Save it for a Rainy Day

Goodbye blazing sun, hello blazing trails! When the storm clouds roll in, throw on your shell and roll out.

## PreCip ECO Pro Jacket

Meet the newest addition to our high-performing PreCip line: the PreCip® Eco Pro Jacket. Bomber construction with waterproof Marmot MemBrain® lamination and 100% seam taping for zero leaks and rain blocking as you hike, canoe, or play. The PFC-free coating keeps you dry, while the hood and drawcord hem provide for extra comfort and coverage. Open up the heat-releasing PitZips when the pace picks up and stash extra gear in the large pack pockets.

## The Packable Gore-Tex companion on your side

Everything you need, nothing you don't  
- like perfectly placed pack pockets and  
waterproof durability for days.

### Minimalist Pro Gore-Tex Jacket

Less is more with the much-loved Men's  
Minimalist Pro Jacket. Waterproof PACLITE Plus is  
a GORE-TEX workhorse that's nice and light, packs  
down small and is extra durable for lots of use in  
seriously wet weather. Heat-releasing PitZips add  
extra ventilation when the pace picks up. 100%  
seam taping and large pack pockets under the  
welt double down on weather protection.

## Mitre Peak Gore-Tex Jacket

Meet the Mitre Peak Jacket—a jack-of-all-trades that goes the distance. Made of breathable GORE-TEX Active 3L plus GORE-TEX ripstop nylon across the shoulders and hood, this lightweight rain jacket ensures durability to shed water for years. Heat-releasing PitZips and 100% seam taping mean zero leaks, and pack pockets are great for stashing small gear when you're on the move.
